

Empowering Lives of
Returning Citizens

111

TACKLE THE SHACKLES

HOPE HUB

We know the Gospel calls us to "visit the prisoner" " But what happens after they're released?

THE PROBLEM:

- **Unemployment:** The stigma of a record makes finding work nearly impossible.
- **Homelessness:** Lack of support and housing often leads to instability and a return to old environments.
- **Disconnection:** Leaving a family behind and facing a new world that feels foreign.

THE ANSWER:

LIFE EMPOWERMENT COACHING

one-on-one coaching program where trained members of your church help returning citizens build new mindsets, set goals, and develop life skills.

YOUR CHURCH THE CENTRAL HUB

Your church becomes the physical center of this ministry, a safe and welcoming space that serves as the official meeting point for coaches and the community.

THE SUPPORT NETWORK

We provide access to a professional suite of services, including housing, transportation, and employment, to remove key practical barriers to reentry.

Becoming a Hope Hub means your church becomes a official, recognized physical center for a vital reentry ministry in your community.
